Notes

a broad range of common conditions. Labour will also cut unnecessary red tape to allow pharmacy technicians to step up to some roles, ensuring pharmacists can work to the top of their license and focus on their expertise in prescribing and medicines management, rather than repetitive dispensing processes. Supported by greater digital interoperability, this will enable them to support GPs in the management of long-term conditions like hypertension and COPD and in tackling the serious issue of overprescribing, which is responsible for thousands of avoidable hospital admissions every year.

This meeting is kindly sponsored by Chiesi UK Ltd. Chiesi have had no input into the content.

As stated on the agenda, Chiesi will deliver a 10-15 minute promotional product presentation.
