

Early Diagnosis of Cancer (Community Pharmacy) Pilot

Training Checklist for Community Pharmacies

All Community Pharmacy staff who will be helping to deliver this pilot must ensure they have an up-to-date understanding of the service specification. In addition, several packages and online resources have been identified for this pilot in the table below.

Pharmacies are requested to return a signed copy of this document to Peninsula Integrated Health/Community Pharmacy Cornwall administrator (abigail@communitypharmacycornwall.org).

Training Requirements:

Training Requirement:	✓
'Supporting Early Diagnosis of Cancer (Community Pharmacy) Pilot' slide set (located in the community pharmacy information pack, emailed to your store)	
BOPA Let's Communicate Cancer training (Module 1) - link on PharmOutcomes	
GPhC's guidance on confidentiality and consent
